

# INTRODUCING ONSTAR GUARDIAN

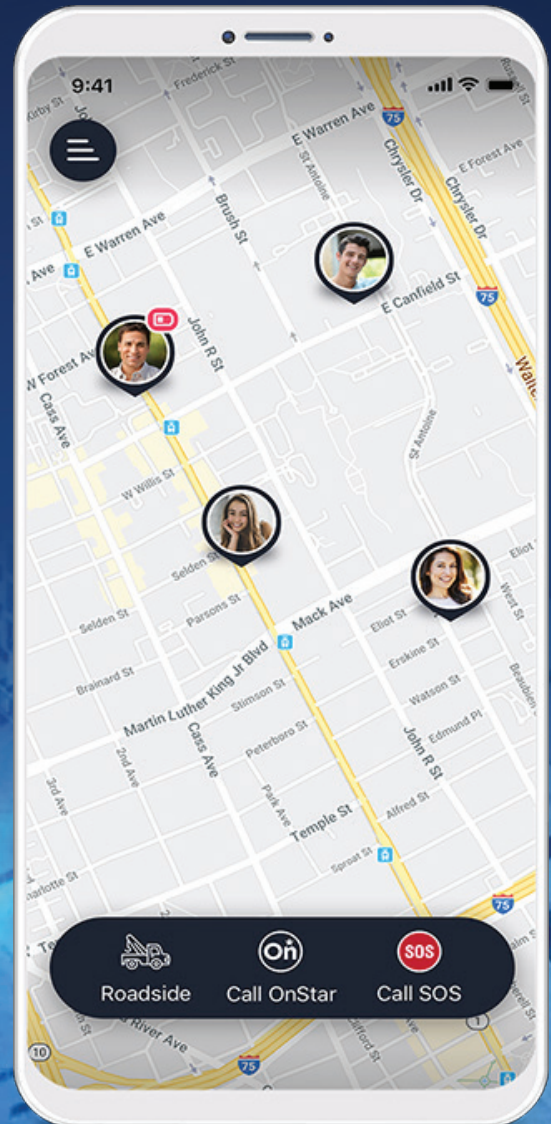

BE SAFE  
OUT THERE<sup>SM</sup>

## ONSTAR EMERGENCY SERVICES NOW AVAILABLE IN ANY VEHICLE

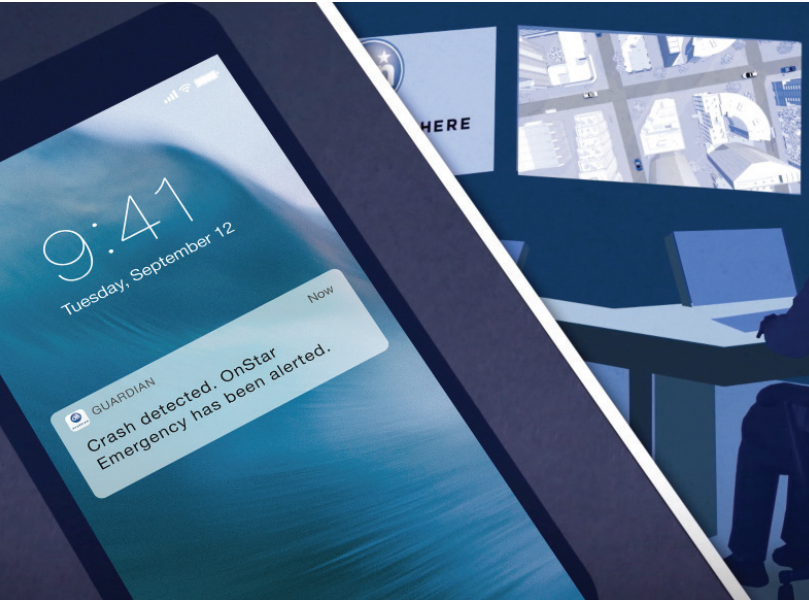

OnStar's new Guardian app provides added peace of mind to individuals on the go, in any vehicle, by providing Mobile Crash Response and Emergency Services.

We understand Emergency Communications Centers (ECCs) are challenged to determine a caller's location, the point of origin of a 9-1-1 emergency call from a smartphone. The new OnStar Guardian mobile app is designed to help you meet this challenge with enhanced location accuracy capability.

# HOW IT WORKS

ONSTAR GUARDIAN |

## MOBILE CRASH RESPONSE

The OnStar Guardian app brings Mobile Crash Response to any vehicle. The app is designed to use a smartphone's sensors to detect a crash and alert an Emergency-Certified Advisor. The Advisor will call the phone and contact the appropriate ECC and provide them with the location. For Android users, the app can automatically connect – even if the individual can't reach their phone.

## EMERGENCY SERVICES

With the OnStar Guardian app, an Emergency-Certified Advisor is just a call away. The user may push the red Emergency button to be connected. The Advisor is specially trained to provide verbal medical assistance to anyone in need and also contacts the appropriate ECC and gives them the users location. The caller may also use it to be a Good Samaritan and report an emergency on someone else's behalf.

For more information, email [emergencyservices@onstar.com](mailto:emergencyservices@onstar.com)

U.S. and Canada only. Available on select Apple and Android devices. Mobile Crash Response services are intended for use in vehicles only and can connect automatically on Android devices only. Service coverage varies with conditions and locations. Service availability, features and functionality vary by device and software version. Active service plan, OnStar Guardian service plan add-on, cell reception, GPS signal, and device data connection required. Terms apply. Device permissions are required for app to operate properly. OnStar links to emergency services. Device and app may not transmit all crash data. Emergency-Certified Advisors are certified by the International Academies of Emergency Dispatch. See [onstar.com](http://onstar.com) for details and limitations. Pricing and availability subject to change. You may cancel at any time by calling 1.888.4ONSTAR (1.888.466.7827).
